

Art at the Treehouse with A4D

Join our FREE programme for people with early-stage dementia or mild cognitive impairment and their companions

We will be hosting free art workshops at the Treehouse in Elephant Park for a whole year!

Join us for term 4 and take part in a brilliant ceramics and clay programme delivered by the fantastic artist Katie Spragg.

Over 10 weeks you will have the opportunity to explore working with different techniques in clay, using a variety of tools and producing your own piece to take home with you at the end!

All materials are included and no previous art experience is needed, it's all about giving it a go!

Limited spaces are available. Get in touch to avoid disappointment.
